COMMENTS ON OPERATIONS

June 30, 1966

The cost of operations for the period July 1, 1965 to June 30, 1966, as compared with the same period last year increased \$973,352.56 as per the following summary:

	1966	1965	Increase or Decrease*
Salaries	\$12,990,276.62	\$12,202,353.37	\$787,923.25
Food	944,529.63	906,792.39	37,737.24
Drugs & Surgical Supplies	2,287,895.68	2,108,849.76	179,045.92
Repairs & Maintenance	289,362.80	242,387.18	46,975.62
Other Operating Expenses	1,870,440.67	1,948,770.14	78,329.47*
	<u>\$18,382,505.40</u>	<u>\$17,409,152.84</u>	<u>\$973,352.56</u>

Cost of operations for the month of June, 1966, as compared with May, 1966 increased \$33,932.50 as per the following summary:

	June	May	Increase or Decrease*
Salaries	\$ 1,088,875.21	\$ 1,084,701.45	\$ 4,173.76
Food	92,637.27	84,309.41	8,327.86
Drugs & Surgical Supplies	182,785.76	186,198.23	3,412.47*
Other Operating Expenses	106,430.56	78,889.83	27,540.73
Repairs & Maint. Bldg. & Equip. ..	26,375.50	28,805.73	2,430.23*
Hosp. Cont. to Retirement Plan & FOAB	72,394.12	72,661.27	267.15*
Total Cost of Operations	<u>\$ 1,569,498.42</u>	<u>\$ 1,535,565.92</u>	<u>\$ 33,932.50</u>

COMPARATIVE

ANALYSIS-PERSONAL SERVICE COST

	June	May	Increase or Decrease*
Resident Physicians	\$ 73,268.50	\$ 70,685.89	\$ 2,582.61
Internes	19,825.00	20,325.00	500.00*
All Other Staff Doctors	40,774.08	37,439.66	3,334.42
	<u>\$ 133,867.58</u>	<u>\$ 128,450.55</u>	<u>\$ 5,417.03</u>
Registered Nurses	\$ 114,237.23	\$ 123,674.05	\$ 9,436.82*
Practical Nurses	64,320.89	66,638.50	2,317.61*
Nurse Aides	172,114.37	172,319.51	205.14*
	<u>\$ 350,672.49</u>	<u>\$ 362,632.06</u>	<u>\$ 11,959.57*</u>
Other Personnel	\$ 598,985.14	\$ 588,218.84	\$ 10,766.30
Sisters of Charity	4,000.00	4,000.00
Professional Services	1,350.00	1,400.00	50.00*
	<u>\$ 1,088,875.21</u>	<u>\$ 1,084,701.45</u>	<u>\$ 4,173.76</u>

By actual payroll count, 217 persons were employed and 137 released during the month of June for an increase of 80 per the following:

	June	May	Increase or Decrease*
Registered Nurses	286	308	22*
Practical Nurses	336	358	22*
Nurse Aides	812	782	30
All Other Personnel	<u>2,285</u>	<u>2,191</u>	<u>94</u>
	<u>3,719</u>	<u>3,639</u>	<u>80</u>

YEARLY REPORT TO THE DIRECTOR

July 1, 1965—June 30, 1966

PERSONNEL DEPARTMENT

This year witnessed a number of improvements and advances made with the approval of our Board of Administrators and with the assistance of the Department of State Civil Service.

1. Step Increases were given to all employees eligible for them on their anniversary dates.
2. The Hospital again participated in the Public Employees' Training Institute, sending four of its staff to the P.E.T.I. meetings.
3. Fifty employees elected to retire under the provisions of the Louisiana State Employees' Retirement System.
4. The Hospital has participated in the training of Neighborhood Youth Corps.
5. In compliance with the request of the Federal Government, new Income Tax forms were completed on all employees showing Social Security number of each employee.
6. Position numbers were assigned all classified employees by Department of State Civil Service to be used for identification purposes.
7. Approximately 600 new job descriptions were completed and sent to the Department of State Civil Service to bring their records up to date.

Employees of the Hospital also came in for special honors during the year:

1. Miss Bertha Nagel, Stenographer Clerk III, was one of seven recipients in the State of the Charles E. Dunbar, Jr. Career Service Award. Mrs. Eve R. Long, R. N., received honorable mention for this award.
2. Twenty-eight employees were awarded Outstanding Service Ratings in March.

During the year, there were an average of 4,100 positions on the books. We employed an average of 128 persons a month, resigned an average of 104 persons a month and discharged an average of 16 persons each month.

As in the past, we have enjoyed the complete cooperation and consideration of the Administration and of all members of the staff. This cooperation is most helpful and we appreciate it.

Respectfully submitted,

/s/ ALICE B. FORTIER (JD)
Personnel Director

	Operating Room	1/ 5/66	Husband moving out of town

Name	Position	Date	Reason
Dill, Shirley P.....	Asst. Instr. I Med. Nsg.	2/ 4/66	To accept another position
Byrd, Charlotte.....	Asst. Instr. I Operating Room	3/ 8/66	Failed to report
Kaczorowski, Thelma..	Asst. Instr. I Fund. of Nsg.	4/16/66	Husband to transfer
Sylvester, Susan.....	Instr. II Fund. of Nsg.	3/18/66	Husband has been drafted and will live in New Jersey
Kazanowski, Alice.....	Asst. Instr. I Clinic Nsg.	4/14/66	Husband transferred to another area
Field, Beryl.....	Instr. II Counselor, IPR	5/31/66	Husband moving to another area
Haynes, Martha Jo.....	Instr. II Fund. Nsg.	6/10/66	To accept another position in another area

Vacancies end of school year (6/30/66):

Six Instructor II positions (includes two new positions added)

One Instructor III (approved June, 1966, but not filled as of 6/30/66)

During year new positions created: Assistant Director—School Adm.
School Health Physician
Four Instructor II positions
One Instructor III position

Faculty organization:

The Faculty Association meets twice monthly during the school year.

Number of formal meetings held: 19

There are eight Standing Committees of the Faculty Association:

1) Admissions

2) Curriculum

Sub-Committees:

Maternal and Child Health

Medical-Surgical

Fundamentals of Nursing

3) Faculty Welfare

4) Library

5) Promotion and Graduation

6) Records, Reports, Rules, Regulations

7) Staff Education

8) Student Personnel Services

Sub-Committees:

Health

Guidance

Welfare

Social

Residence

There is one Special Committee of the Faculty Association:

Honors Committee

Chairman: Mary Frances Brandon

Members: Carol Gisevius

Sister Mercedes

Julia Spratt

Upon recommendation of the faculty, this committee was established at the 1966 summer workshop. It will carry out the objectives formerly per-

formed by selected faculty group to vote for the honor awards such as the annual senior scholarship award of \$250.00 to the student receiving highest average; the honor pin to the most outstanding senior; certificates of merit; also, awards to various other categories which will be formulated this year.

Resource persons used by faculty in developing program of school in any area:

Mrs. Eunice King, Nursing Consultant
 Speaker in 1966 Annual Faculty Workshop
 Re: Evaluation and Review of Total Nursing Program

In-Service Education:

Miss Sue Michalk, Assistant Director, Faculty Development has charge of in-service education program which is carried out by the Staff Education Committee of the Faculty Association. A two-week orientation program for all new faculty is planned before the opening of school.

Major accomplishments this past year: 1) improvement of orientation program by including two days of practice teaching in the clinical areas followed with group reconstruction sessions with head instructors; 2) revision of orientation procedure minimizing instructor role in non-professional responsibilities related to orientation; 3) Assistance was given to teachers of clinical nursing to improve evaluation and grading of students' nursing care performance by having program meetings with lectures by Dr. Dachowski, Psychologist. Also, a day's workshop on evaluation with entire faculty participation was held, the highlight of which was rating nurse-patient situation. 4) Teacher-psychologist conferences were held concerning evaluation tool for the specific clinical areas.

STUDENTS

Enrollment as of September 1, 1965:
 (all women)

Students admitted during year: 161 (will graduate 1968)

Students discontinued during year: 80

Students graduated during year: 65 Graduated July 2, 1965

Enrollment as of June 30, 1966 by class:

1966	94
1967	97
1968	148

Table showing students discontinued and reason for leaving:

Class Admitted 9/9/63 (Graduated 7/1/66)

Reason	Number

Husband being transferred	1
Total.....	43

Total Drop Outs..... 80

Recruitment:

Admissions Committee of Charity Hospital School of Nursing is responsible for planning recruitment activities. Open House program for high school groups was held in early January, 1966 and 155 prospective applicants attended. Faculty representatives were sent to speak at Career Day functions in several schools.

One thousand, one hundred and twenty eight requests were received for information regarding class entrance in 1966.

383 applicants were tested:

226 with ACE Psychological Examination; Cooperative English Tests; Strong Vocational Interest; and Minnesota Multiphasic Personality Inventory.

57 were tested with National League for Nursing Pre-nursing and Guidance Examination.

173 applicants were accepted for class to be admitted in 1966.

120 applicants were rejected for class to be admitted in 1966.

The Charity Hospital School of Nursing Alumnae Association contributes to recruitment activities. There are 240 active members. Six meetings were held during the year. They sponsored Homecoming activity and the Senior-Alumnae Breakfast. They donated \$75.00 to the school's basketball group for a trip to Memphis to participate in Tournament.

Guidance Program:**Orientation program—**

Function is to aid new students in adjusting to school and community. Orientation served as introduction to various aspects of student life and to acquaint new students with service area and facilities available to them.

Offered as regularly scheduled non-credit class with class presentation, group meetings of ten each, and smaller classes by Counselors and Health Nurse.

Program sessions included first week orientation of introduction to nursing and the hospital by the Fundamentals of Nursing Instructors; this was followed by sessions on house rules, student government, social program, library and cafeteria facilities, and the counseling and health programs. Students were also given units of information on personal hygiene, speech, fire prevention, self-improvement and self-medication.

Counseling program—**Persons responsible and Persons Participating in program:**

Miss Carol Gisevius, B.S., M.Ed.—responsible for administration and coordination of counseling program

Mrs. Beryl Field, B.S., M.Ed., Counselor

Dr. Marjorie Dachowski, Ph.D.—Clinic Psychologist, responsible for professional guidance of the department

Consultations and referrals—

Miss Gisevius—seniors seen for terminal interview and an interview to discuss NLN scores and State Board; Freshmen interviewed and test scores interpreted. All students on probation or having academic problems were seen.

As member of Admissions Committee, counselor screened all applicants. Admission interviews held and questionable applicants scheduled for second interview. Short-term counseling was held for any student requesting this.

Counselor taught a course in Personality to section of Freshmen class.

Referrals:

FRESHMEN	JUNIORS	SENIORS
1—Dr. Dachowski	1—Dr. Dachowski	2—private psychiatrists
1—LSU	3—LSU	1—student continued in therapy
1—Tulane	3—Tulane*	for 1964-65 by Tulane.

* One student was continued in therapy from 1964-65 by Tulane.

Mrs. Beryl Field made no referrals. Held conferences with half of the Freshmen class for score interpretations; interviewed entire Junior class prior to promotion. Taught a course in Growth and Development to a section of the Junior class.

Services of Psychologist—Dr. Marjorie Dachowski, PhD.

Dr. Dachowski functioned in three major areas: counseling and psycho-diagnosis; teaching responsibility; general school responsibility.

Counseling and Diagnosis: The psychologist was involved in three different types of functions involving direct contact with students: Counseling and/or psychotherapy; diagnostic workups for the purpose of deciding need for referral, counseling, or other help; direct referral to Tulane, L.S.U., or private psychiatrists. These contacts are summarized below:

	Students in Counseling Interviews from 2 to 25	Diagnostic Work-up	Referred
Class of 1966.....	5	3	4—LSU
Class of 1967.....	6	2	1—Tulane
Class of 1968.....	12	0	1—Tulane
Total.....	23	5	6

In addition to direct contacts, the psychologist served as consultant for counseling staff and health nurse in making referrals, in discussing counseling contacts, etc.

During the summer of 1965, all Minnesota Multiphasic Personality Inventory profiles for the class of 1968 were analyzed by the psychologist for the use of the counselors in working with the students of that class during their Freshmen year.

Teaching Responsibility: The psychologist taught 3 sections of Growth and Development (class of 1968, approximately 150 students), 2 sections of Personality (class of 1968, approximately 100 students), and 1 section of Growth and Development (class of 1967 approximately 50 students). This brought her into direct contact with all members of the Freshmen class and half of the members of the Junior class.

As part of In-Service training, the psychologist worked with the Assistant Director in charge of In-Service training in presenting lecture material on the problem of clinical evaluation and in working with individual committees in developing valuation tools.

General School Responsibility—Admissions: The psychologist went over questionable admission folders with the head counselor; interviewed and/or administered individual intelligence tests to 20 applicants; is currently preparing an evaluation of admissions tests as predictors of academic success for the class of 1968.

Grant Proposal: The psychologist has prepared and submitted to the Federal government for approval, a proposal for a short term training grant for the coming academic year to help new clinical nursing instructors make better use of their first year of teaching experience. The psychologist is currently preparing a proposal for Federal funds for a remedial education program to allow the school to admit more students who have academic potential but who are handicapped because of a poor environmental background.

Research: The psychologist is continuing evaluation of success and failure of members of the class of 1967 as part of a longitudinal study of predictors of success in a diploma school of nursing. In addition, two other research studies are in progress; one comparing and evaluating the effect of Maternal and Newborn courses in diploma schools on students' attitudes about motherhood, pregnancy, and labor; a second, attempting to evaluate whether an academic course such as Growth and Development alters basic attitudes about child rearing practices.

Marriage policies in effect during year:

There are eight requirements regarding student marriages:

1. Students will be allowed to remain in the school after changing their marital status.
2. Permission to continue school, when a change in marital status is planned, will be granted by the Committee on Promotion and Graduation on an individual basis. The committee will take into consideration the period of time remaining in the course, the student's record of achievement and other evidence of her ability to complete the program with this additional responsibility.
3. The student should provide a written request to the Director approximately two months in advance of the anticipated change in marital status. A statement of consent from parents or guardian should be sent to the Director.
4. It is required that students maintain a residence within the Metropolitan area. Married students must have a telephone. No special consideration is given to married students.
5. Married students will be provided meals and laundry of uniforms by the school.
6. A student secretly married will be dropped from the school of nursing for the length of time she was to have notified the school of nursing.
7. Upon confirmation of pregnancy, students are required to inform the Health Nurse. The students' physician's consent is needed to remain in school. Maternity leave will be granted on request of recommendation by the Health Nurse and/or student's physician.
8. It is important that the school of nursing have the change of name, address, and telephone number for the school records. A copy of the marriage certificate has to be submitted within three months after marriage for the purpose of changing the legal record at the school and notifying the State Board of Nurse Examiners.

Health program:

The School of Nursing Health Service consists of facilities in the School as well as in the Hospital.

Students may avail themselves of the services of a School Health Phy-

sician with offices located in the Student Nurses' Residence and the services offered under the Medical-Surgical Care Program of Charity Hospital.

The School Health Physician's duties consists of:

1. Review of annual physicals—these are done by residents appointed by Associate Director, Charity Hospital.
2. Supervision of follow-up work indicated by these physicals—there is a full-time nurse in the School to handle the work ordered by the School Health Physician.
3. Evaluation of students having recurring illnesses or whose continuity of medical care has been greatly interrupted by draft assignments to other hospitals in Louisiana, etc.
4. Medical supervision of immunization program and school policies related to health care of the student personnel.
5. Evaluation of pre-admission records of students which indicate some limitation or unfitness for the program.

School Physician hours: 10 hours weekly

School Nurse: 40 hours weekly—office hours 8:00 a.m.-4:30 p.m.

Average student visits: 10 - 15 per day

Duties of Physician in the Medical-Surgical Care Program:

1. Day to day referrals to the Personnel Health Clinic and/or Admit Room (after 5:00 p.m.)
2. Hospitalization of students. Admission to the Nurses-Doctors Infirmary according to regulations approved by Associate Director of Charity Hospital and Chief Admitting Physician.

Students may see their own family physician if they desire.

Medications prescribed by physician in the School of Nursing and in the Charity Hospital will be furnished to the students free of charge.

The Health Program policies regarding physical examinations, inoculations, etc., are as follows:

1. Routine physical examinations: on entrance and annually.
2. Immunizations. Required before entrance: Smallpox, typhoid, tetanus, polio vaccine, and diphtheria. Given in school: Typhoid boosters annually. Tuberculin Skin Test: Tuberculin Skin Test will be given to each student upon admission. If the results are negative it will be repeated every year thereafter. If they become positive, they will receive a chest x-ray every 6 months and be followed by the school physician.
3. The Influenza Vaccine will be offered each year.
4. Chest x-ray: On entrance, annually, eight weeks after Dibert experience, and within two months before graduation.
5. Surgery: Electives, on student's own time; emergency, at any time.
6. Infirmary: In rare exceptions student may be admitted to infirmary before being officially admitted by a physician.
7. Medical Consultation:
 - a. The School of Nursing has a part-time Medical Physician, who will supervise the Health Program and attend only to the chronically ill. His office and treatment room will be room 228 in the School of Nursing. The office hours will be announced.
 - b. O.P.D. Appointments made through Health Clinic Nurse after they have obtained a Health Permission Slip from the Health Nurse. This does not give them permission to miss class or Nursing Experience. They are to obtain permission from their instructor if she feels that she can grant permission.
 - c. Except in case of emergency, students must plan to attend the

Health Clinic on their own time, unless they have a valid reason to do otherwise, and have permission from their instructor (this holds only for initial visit). All students must have a referral from the Health Nurse to attend the Health Clinic. (This does not refer to emergencies happening while in class or in Nursing Experience with an Instructor).

8. Medication: All furnished through Health Clinic, Infirmary, or Health Nurse.
9. Emergencies when clinics are closed: Admitting room from 4:00 p.m. to 7:30 p.m.
10. Accidents: All accidents are referred immediately to the Accident Room by whoever is in charge of the student at the time. A report of the accident must be written in duplicate and a copy sent to the Health Nurse.
11. Medical supervision of students who have nursed communicable disease cases without knowledge of the true nature of the illness: The clinical instructor consults with the physician in charge of the patient for the necessary procedure for the protection of the student. The same physician is asked by the clinical instructor to conduct any tests necessary or prescribe any medication indicated. The names of the students and a memorandum of the incident is sent by the Instructor to the Health Nurse.

During the school year, days lost due to illness amounted to:

327 days — Seniors
335 days — Juniors
305 days — Freshmen

The main causes were recorded as U.R.I. and Influenza.

Student Vacation and Holidays:

Labor Day—1 day	Christmas Recess—2 weeks
Mardi Gras—1 day	Easter Recess—4 days
Thanksgiving Recess—4 days	Summer Vacation—8 weeks

Students are permitted to work 16 hours per week. An average of 84 students worked monthly.

Weekly Load of Class and Clinical Practice: None for Health Nurse

Financial assistance to students:

Class Entered 1965:

Source	No. of Students	Total Amount
Scholarships from civic organizations, medical auxiliaries, hospital auxiliaries, nursing organizations, Veterans groups, Business and Professional Clubs	27	\$ 10,671.00
Loans—State Loans	4	\$ 1,586.00
Charity Hospital Board of Admin.....	1	\$ 110.00

Class Entered 1964:

Scholarships	14	\$ 6,215.00
Loans—Charity Hospital Board of Admin.	1	\$ 110.00
Loans—Kellogg Foundation	9	\$ 288.00

Class Entered 1963:

Scholarships	16	\$ 5,407.00
Loans—Charity Hospital Board of Admin.	1	\$ 110.00
Loans—Kellogg Foundation	5	\$ 163.00

I. Honors, awards, recognition received by individual students during Year:

1. Library—Janice Hudson
2. Athletic Club—Eileen Plauché
3. Yearbook Award—Mickey Taylor, Linda Victor
4. Newspaper Award—Marie Zeringue
5. Choral Club Award—Irene Lousteau
6. Highest Scholastic Award (Freshmen Class)—Joanne White
7. Highest Scholastic Award (Junior Class)—Lois Virnau, Cynthia Mouret
8. Student Body Officers:
President—Ann Barry
Vice-President—Lorraine Andry
Secretary—Paulette Gallant
Treasurer—Cynthia Mouret

9. Cheerleader Award—Marie Zeringue

Student Council Awards

10. Awards for serving on Student Council

Lorraine Andry
Ann Barry
Betty Metranga
Eileen Plauché
Elvira Schneller
Charlotte Travis

11. Perfect Student Council Records

Arlene Bergeron
Pam DeBlanc
Carol Hoskins
Carol Knittle
Judy Landry
Irene Lousteau
Mally Neil

12. Perfect Attendance Awards

Brenda Kern
Elaine Lemoine
Rosemary Milano

II. Student Organization—Charity Hospital Association of Student Nurses

President—Beverly Poché
Vice-President—Lynn Burton
Secretary—Elaine Ledoux
Treasurer—Louella Redmond
Sponsor—Miss Gloria Gernhauser

Activities of Charity Hospital Association of Student Nurses

Officers: President—Beverly Poché
Vice-President—Lynn Burton
Secretary—Elaine Ledoux
Treasurer—Louella Redmond
Faculty Adviser—Miss Gloria Gernhauser

Activities: Program and film on Florence Nightingale's works
Speaker from American Cancer Society

Meetings: Once monthly and on call when necessary

III. Class Activities

Seniors

Big Sister—Little Sister Party (with Juniors)
Weiner Roast for student body
Seafood party for seniors
1st place at stunt night

- Money making projects
 - a. stockings sale
 - b. sweat shirt sale

Juniors

- Big Sister—Little Sister Party (with Seniors)
- St. Patrick's Day Party for student body
- Junior-Senior Banquet
- 2nd place at stunt night
- Money making project—Dance from which they made \$627.62

Freshmen

- Little Sister—Big Sister Party for student body
- Freshmen mixer
- Valentine Party for student body
- Senior-Faculty Banquet
- Seafood Party for freshmen class
- Cards to housemothers for Mother's Day
- Money making project—candy sale from which they made \$465.00

Class Officers and advisers:

Freshmen Class Officers

- Theresa Tressler—President
 - Claudia Haller—Vice-President
 - Jo Ann Glass—Secretary
 - Sue McClements—Treasurer
 - Nina Wills
 - Nancy Meehan
 - Maureen LeBlanc
 - Mrs. Beryl Field—Sponsor
- } Student Council Representatives

Junior Class Officers

- Beverly Kaffler—President
 - Lynda Keene—Vice-President
 - Jackie Henry—Secretary
 - Evelyn McClees—Treasurer
 - Paula Parrish—Sergeant-at-Arms
 - Paula Juneau
 - Christy King
 - Ann Gaubert
 - Miss Mary Ellen Ellzey—Sponsor
- } Student Council Representatives

Senior Class Officers

- Jean DeRosier—President
 - Charlotte Travis—Treasurer
 - Milly Lally—Secretary
 - Charlotte Travis
 - Betty Matranga
 - Eileen Plauché
 - Miss Carol Gisevius—Sponsor
- } Student Council Representatives

IV. Students' Clubs:

Student Council: Mrs. Burvant, Sponsor (Weekly Meetings). The governing division of the student body. Composed of duly elected officers and representatives from each class. Meets each week to consider infractions of regulations with which students may be charged.

Sigma Alpha Chi: Mrs. Lind, Sponsor (Monthly meetings). Honorary Nursing Society dating back to 1938. Privilege of membership is highest honor which can be achieved while a student nurse at Charity. Membership granted to juniors and seniors with outstanding records.

Accomplishments: Investigated honor system and made recommendations for improvement; conducted a study aimed at better teacher-student understanding.

"C" Club: Mrs. Monahan, Sponsor (Monthly meetings). Honorary organization whose members are approved by the faculty. Purpose is the advancement of school spirit, improvement of school activities, and development and recognition of potential campus leaders.

Accomplishments included sponsoring a bus to volleyball games, monitoring cleaning of Assembly Room after movies, conducting many tours of hospital and nursing school for high school groups, sponsoring Christmas party for underprivileged children, and addressing envelopes to faculty for several functions.

Athletic Club: Mr. Scott (Called meetings). Composed of members of the volleyball and basketball teams (who, incidentally, were City Champs of 1966 in the Nurses' Basketball League sponsored by the YWCA), the cheerleaders and student supporters. We have hopes of expanding the Athletic Club activities to include softball, ping-pong, etc., opening the recreational advantages to a larger number of students.

Bowling Club: Miss Haynes (Weekly meetings). Provides weekly recreation for members. Teams formed within the club who compete against each other.

Choral Club: Mrs. Boyland (Weekly meetings). Composed of students who qualified through auditions. Weekly rehearsals for various functions, both for the School of Nursing and various organizations throughout the city. Plans for expansion include formation of large singing group composed of anyone who enjoys this type of recreational outlet.

Some proposed activities for the coming year are Christmas Presentation of "Christmas Around the World;" a program for the Sisters of Charity including the singing of a Mass; a Spring Concert.

Library Club: Mrs. Bull (Monthly meetings). Voluntary membership of students who assume responsibility of monitoring the library in the absence of the librarian, set up displays, and attend various cultural attractions in the city, including the symphonies and art exhibits.

LASN—(The Louisiana Association of Student Nurses): Miss Gernhauser (Monthly meetings). Purpose of this organization is to aid in the preparation of student nurses for the assumption of professional responsibilities.

Caps and Capes: Mrs. Monahan (Weekly meetings). Yearbook composed of appointed editors and volunteer staff members.

White Cap: Mrs. Monahan (Bi-Monthly meetings). School newspaper. Composed of appointed editor and volunteer staff members. Editions put out every other week.

RELIGIOUS GROUPS:

Newman Club: Mrs. Spratt (Monthly meetings). Composed of Catholic L.S.U. Medical and Nursing students, and Charity student nurses. Monthly Mass and breakfast.

Sodality: (Bi-monthly meeting). Religious association for Catholic students.

Baptist Students' Union: (3 meetings per month). Organization for Baptist students.

Religious Coordinating Council: (Monthly meetings). Composed of one representative from each of the religious organizations. Meet

monthly to plan religious activities (retreats, projects, etc.). Accomplishments this year included making a Chapel, collecting food for the poor at Thanksgiving, and planning all Christmas parties. Faculty adviser is Sister Blanche. Ten members.

Legion of Mary: (Weekly meetings). The object of the Legion of Mary is the sanctification of its members by prayer and active cooperation, under ecclesiastical guidance in advancing the Legion of Christ. Members meet weekly.

V. Social and recreational activities during school year:

Hallowe'en party
Style show
2 weiner roasts
Christmas party for underprivileged children
Caroling for patients at Christmas
Student Body Christmas program and party
Faculty—Christmas party
Party for floor with best Christmas decorations
Open House
Winter Formal
Student-Faculty volleyball game
Easter egg hunt
Student-Faculty picnic
Stunt Night
Pizza party for winners of stunt night
Awards Night and Choral Club Spring Recital
Senior-Alumni Breakfast
Weekly Bowling
Volleyball games (YWCA Nurses' League)
Basketball games (YWCA Nurses' League)

VI. Student Publications:

Caps and Capes—Mrs. Carol Monahan, Sponsor. Staff: Linda Victor—Co-editor, Mickey Taylor—Co-editor, Elaine Ledoux, Joann Glass, Marsha Peart, Susan Nebel, Jeanette Rivet Guidry, Irene Lousteau, Milly Lally, Vicky Jaskot, Marelle Yongue, Cathy Blackwell, Ellen Gordijenko, JoAnn Pierce.

White Cap—Mrs. Carol Monahan, Sponsor. Staff: Marie Zeringue, Katherine Eskridge, Carolyn Brunell.

CURRICULUM

Curriculum Objectives:

Central Aim

To provide a program of instruction and other learning experiences that will enable a student to attain the necessary attitudes, intellectual competencies and technical skills which will qualify her for staff positions in hospitals.

Objectives

The program is designed to produce a graduate staff nurse who:

1. Has the knowledge and conviction that the ultimate goal of life is God.
2. Regulates her life by ideals of personal living.
3. Appreciates the basis upon which the dignity of all human beings rests.
4. Recognizes her obligation to assume responsibility for her own actions.
5. Has an understanding of human needs as they operate in man as a whole.
6. Understands her role as a nurse in diverse situations and is able to fulfill it.

7. Has developed manual dexterity and psychological skills in providing nursing care and in assisting with diagnostic and therapeutic measures.
8. Applies her knowledge of the physical, biological and social sciences to the practice of nursing.
9. Is able to identify the patient's nursing problems, and to plan, give and evaluate nursing care.
10. Is able to observe, interpret, report and record data pertinent to the welfare of the patient.
11. Has a measure of skill in participating purposefully and harmoniously in interpersonal and intergroup relationships.
12. Has attained some understanding of human relations and of the world in which she lives—social, racial and cultural.
13. Uses sound teaching principles and methods in patient education and rehabilitation.
14. Is able to plan and organize a nursing assignment.
15. Functions effectively as a member of the health team, and with beginning skill as a nursing team leader.
16. Is motivated to promote continuously her personal and professional growth as a mature, self-directing person.
17. Understands and appreciates her citizenship and professional responsibilities and is motivated to fulfill them.

CURRICULUM PLAN:

TERM	COURSE TITLE	INSTRUCTIONAL UNITS		
		Class	*Nursing Experience	Total
Year I				
1	Psychology	3		3
1	Chemistry	5+1		6
2	Sociology	3		3
2	Anatomy & Physiology	7+1		8
3	Microbiology	3+1		4
3	Fundamentals of Nursing	4+1	1	6
4	Elementary Pharmacology	2		2
4	Fundamentals of Nursing II.....	2	2	4
1-2-3	Interactive Process	N/C		N/C
1-2-3	Nutrition	3		3
Year II				
1	Nursing of Adults I-A (Venereal Medical Nsg.)	6	4	10
1	Growth and Development	3		3
2	Nursing of Adults I-B (General Surgical Nsg.)	6	4	10
2	History of Nursing	2		2
3	Nursing of Adults I-C (Operating Room, Recovery Room and Clinics)	2+1	3	6
3	Ethics	3		3
4	Psychiatric Nursing (Including Social Maladjustment)	5	4	9
Year III				
1	Maternity and Newborn Nursing...	6	3	9
2	Nursing of Children.....	6	3	9
3	Introduction to Roles and Relation- ships in the Practice of Nursing..	2	4	6
3	Professional Relationships	2		2
4	Nursing of Adults II.....	2	5	7

* The quality of work is indicated by quality points which are allotted according to the Unit Value in the course:

12 hours of class equal one Unit of Instruction

24 hours of laboratory equal one Unit

60 hours of nursing experience (including nursing conferences) equal one Unit

To figure the quality points earned in a course—Multiply the Unit Value of the course by Quality Points earned.

To compute the Quality Point Ratio for a term—

Divide the total quality points earned for all courses completed in the term by the total Unit Value of the courses.

Curriculum changes made during year:

Published a restated version of the Philosophy of the School; this had been under study, August 1964-1966, see 1966 Bulletin attached.

Provided for inter-term holiday at end of first two terms (school year is a four term year). Done at faculty request for purpose of:

Submitting grades

Clearer promotional activities

FACILITIES

Community Agencies: Field trips to health agencies in the community and to the U.S.P.H.S. Hospital at Carville, Louisiana are provided.

Educational Unit:

Classrooms, capacity, where located—

Hospital.....	Classroom only	1	35 seats
	Classroom & office	3	20 — 25

Education Building.....	Classrooms	2	70
		1	50

Office—Conference Room 6

Offices18

Charity Hospital of Louisiana at New Orleans daily average number of patients for fiscal year ending 6/30/66: 1,830

Nursing Service Personnel:

375 Professional nurses (311 employed)

292 practical nurses

911 nurse aides

239 miscellaneous (including wards clerks, typists, central services workers, custodial workers, etc.)

1,817 Total positions

Library

- I. Personnel Repponsible: Librarian II, Mrs. Harriet Hotard, Librarian I, Mrs. Julia Bull, and Motion Picture Projectionist, Mr. Lianel Stiglets.

Qualifications:

Mrs. Hotard, Baccalaureate and Library Science Degrees; 14 years experience: university library, army library, medical library and school of nursing library. Full-time

Mrs. Bull, 60 semester hours toward Baccalaureate Degree; teaching experience and 12 years experience in school of nursing library. Full-time.

Mr. Stiglets, high school diploma, previous experience as motion picture projectionist; 4 years experience performing all audio-visual duties at school of nursing. Full time.

- II. Library Hours: 8:30 a.m. to 9: p.m. Monday—Friday, 8:30 a.m. to 12:30 p.m. on Saturday.

- III. Space and Seating Capacity: Approximately 1,080 sq. ft. with seating capacity of 54 plus office, audio-visual Room, and Periodical Room.

- IV. Improvements made in physical setting during the past year: audio-visual room placed on same side of hall as reading room and office making it more convenient.

- V. Current number of volumes, professional.....4,825
Current number of titles, professional.....4,424
Current number of fiction1,000

- VI. Current magazine subscriptions, professional..... 34
Current magazine subscriptions, recreational..... 28

- VII. Number of new accessions past year 575

- VIII. Number of volumes withdrawn..... 355

- IX. New equipment for teaching and audio-visual aids acquired during the past year: 2 Bel and Howell Movie Projectors; Set of slides on History of Nursing, Film on Breast Feeding, Filmstrip on Nutrition and Dental Health, replacement of cinemascope screen, Calfone tape recorder, set of 10 units of transparencies for teaching anatomy and a set of food models.

- X. Amount budgeted for library \$4,750.53; amount spent \$4,750.53.

- XI. Inter-library services used 6 requests to other libraries; 10 requests filled for other libraries.

- XII. Orientation to library provided

By whom: Librarian II and Librarian I

To whom: Freshmen students and all new faculty members

Number of hours: One hour to Freshmen in a group and individual instruction given to Freshmen during first six weeks of school.
One hour to each new faculty member.

Library Statistics

Yearly Summary — 7/1/65 - 6/30/66

Circulation Books	Faculty	Students	Total
Fiction	686	1,867	2,553
Non-fiction	1,827	5,228	7,055
Reserve			3,774
Periodicals Loaned			20,000
Films Shown			591
Records Loaned			1,735

* Residence: 466 beds

Number of bedrooms—double—225, single—16.

* Includes living accommodations for 48 anesthesia students; four female internes; two housemothers. Also includes four double rooms to provide a one month period of free room (and board) to registered nurses newly employed by Nursing Service Department, as per decision in 1963 by the Director of Charity Hospital.

Supervision is maintained on 24 hour basis by residence director and staff.

EVALUATION

State Board scores for examinations taken between July 1, 1965 and June 30, 1966:

National, State, and Schools mean scores in each clinical area—

National League for Nursing Achievement Tests—

Other evaluation activities during year:

1966 Annual Faculty Workshop on Evaluation and other Activities as indicated under Research and Studies Section of this annual report.

RESEARCH AND STUDIES

1) By Admissions Committee—

Statement of Problem:

a. Correlation of Entrance Test Scores vs. Academic Achievement and the significance, if any.

b. Revision of the Admissions Ranking of Class in Decile Groups for use as a ready visual method of assessing standards.

c. Investigation of the use of N.L.N. Testing Program for all applications.

d. Investigation of the cost and distance for applicants coming for testing.

2) By Faculty In-Service (Staff Education Committee)—

a. Research on relationship between State Board Grades and N.L.N. Grades.

3) By Director, School of Nursing and Assistant Director, Dr. Dachowski

a. Study on background of faculty of last 6 years

Progress: completed

Outcome: applied and received Federal grant for in-service development of teachers.

4) By Curriculum Committee—

a. Evaluation—Study of Patho-physiology Content in Medical-Surgical Nursing.

b. Evaluation—Study of optimal placement for teaching of procedures in all Nursing Courses.

5) By Records Committee—

a. Study of records needed to answer future requests for references and transcripts.

- 6) By Promotion and Graduation Committee—
 - a. Study of needs for Remedial Courses as it relates to Admission Standards. Progress: Ongoing.
 - b. Study of dropout of students according to classes.
- 7) By Health Committee—
 - a. Correlation Study by Dr. Dachowski concerning Overweight to Scholastic Achievement.
 - b. Correlation Study by Dr. Dachowski concerning Smoking to Scholastic Achievement.
- 8) By Coordinating Committee of Nursing Service and Education—
 - a. Studied the Needs of Department as it Relates to submitting Application for Grant under the Regional Medical Program as specified in Public Law 89-239 in the Field of Heart Disease, Stroke and Cancer. Application pending at Department of U.S. Health, Education and Welfare in Washington, D. C.

RECORDS, REPORTS, PUBLICATIONS

- 1) Implemented plan for reducing records of graduates.
- 2) Replaced "Blue Book" Student Nurses' Experience Record by a system of procedure checklists.
- 3) Policy published in School Bulletin on responsibility of Records Committee for records of graduates and withdrawn students.
- 4) For Faculty Manual, compiled Section on Record Forms Generally Used by Faculty.
- 5) Consideration to evaluation of students every term instead of every two terms, resulted in adoption of two policies by Faculty Association:
 - a. Students with two failures in a two-term period or with one failure and Quality Point Ratio of .500 or less being required to withdraw.
 - b. Students with grade below C in major clinical nursing course to repeat the course before graduation.
- 6) Revised Extra-Curricular Form
- 7) Simplified system for making out slips "Readmit to Class and/or Nursing Experience" and for recording late permits.
- 8) Steps taken to merge Committees on Rules and Regulations and Records.
- 9) Revised and published Students' Handbook.
- 10) Revised and published Students' Bulletin.
- 11) Instituted Cut System for class absences to replace former method of sick leave and absences excused or unexcused.

PLANS FOR THE SCHOOL YEAR 1966 — 1967

Area in Program or Facilities	Problems or Difficulties to be Overcome	Suggested Plans for Improvement	Recommendations for Administrative Action
Instructor Personnel	To provide learning experiences in which the inexperienced clinical instructor may acquire greater teaching skills; to teach these instructors to critically evaluate themselves in the teaching situation for continuing growth on the job.	Workshop Training Program for inexperienced teachers of Clinical Nursing	Nursing Traineeship Grant awarded by Department of Health, Education and Welfare; under the direction of Dr. Marjorie Dachowski, Psychologist for 3 sessions during period 12/12/66 through 7/14/67
Counseling and Guidance.....	Establish a Remedial Department to teach students admitted who rank in upper half of high school class and are deficient in Mathematics and Reading.	Provide courses and teachers	Develop a term of Remedial Courses within the framework of the Program of Studies
Total Program		Review and Evaluate each area systematically: Curriculum Faculty Facilities Administration Students	} see attached
Health	Gynecology referrals		
			Refer to practicing Gynecologist in city at rate \$10.00 first visit and \$5.00 each successive visits

PLANS FOR THE SCHOOL YEAR 1966 — 1967 (Continued)

Area in Program or Facilities	Problems or Difficulties to be Overcome	Suggested Plans for Improvement	Recommendations for Administrative Action
Health	Psychiatric referrals	Seeking authority for \$2,000 - \$3,000 subsidizing of program to which student would pay as for their own physician	
Health	Channeling of students in medical-surgical care aspect of program	Clarify relationship between admitting number and student's permanent number for Charity Hospital care	
Records	Set up programming of school administration IBM. During next year we anticipate these services will be available through Charity Hospital	Work closely with service to Schools Department of IBM and devise a system applicable to Charity Hospital School of Nursing	Recommend that since it will be a matter of 2-3 years until such a system can be workable through the IBM at Charity Hospital, it would be of choice to set up system with IBM for forthcoming budget
Residence	Floors 5 through 15 in building in need of repair, renovation and refurnishing (Floors 1 through 5 have been renovated but not furnished)	Locate students in temporary quarters elsewhere while building is undergoing repair	Continue to request authorities to seek approval for action to carry out project

CHARITY HOSPITAL SCHOOL OF NURSING

FACULTY

Area of Evaluation	Assigned Responsibility	Review 1965-1966	Review 1966-1967	Comments
Faculty Qualifications	Director In-service Curriculum	Review Qualifications of faculty hired during the last six (6) years—report published as part of In-service Committee	Should this become annual	Compare our faculty to ideal

Housekeeping Department

The annual report of the Housekeeping Department for the fiscal year beginning July 1, 1965 and ending June 30, 1966, is herewith submitted.

The turnover of personnel, including Housekeeping, Linen and Sewing Section and Professional Student Home Section was one-hundred two. Of this number there were 76 resignations, 19 removals (3 deaths), one retirement.

Four employees were promoted to higher classifications in the department, and six were promoted by transfer to other departments.

Eighteen housekeeping employees were granted Outstanding Ratings by the State Civil Service Department, and will be presented with certificates on August 24, 1966.

Window cleaning services continued to be done by contract with the National Building Services and Maintenance Company.

Consultation services were conferred on Denny Miller Pest Control Company to assist in an advisory capacity and checking with Housekeeping Administration twice a month on special problems or needs.

Two 32" Battery Powered Scrubbing Machines were purchased for corridor cleaning, and two Holcomatic Floor Machines for East and West Clinics. New furniture seating was purchased for the Main Lobby.

Central Linen Room continues the pack control system of distribution and this system has been extended to all the adult floors where practical. Linen replacements were made this year as follows:

7,327	Sheets 72 x 108	577	Restraints
10,240	Sheets 50 x 90	147	Coffee bags
795	Crib sheets	244 cs.	Disposable pads
684	Bassinet sheets	2,090	Large birdseye pads
648	Redspreads	1,206	Bassinet pads
6,914	Pillow cases	17	RX table pads (polyurethane)
1,110	New blankets		Leggings
2,502	Baby wraps	144	
336	New pillows	5,650	Double Wraps for sterile supplies
6,028	Patient gowns (adult)		Eye sheets
8,262	Childrens gowns	800	Special pieces
1,702	Pajama suits (adult)	655	Bath towels
252	Childrens pajamas	5,950	Huck towels
1,370	Robes	9,036	Kitchen towels
867	Plastic mattress covers	2,512	Surgical towels
444	Plastic pillow covers	12,713	
15,244	Birdseye diapers	1,465 dz.	Terry wash cloths
392 cs.	Disposable diapers, 400/cs	200 cs.	Disposable wash cloths
22 cs.	Disposable diapers, 600/cs	1,308	Aprons
8 cs.	Disposable diapers, 576/cs	2,472	Drs. Caps
802	Hamper bags	846	Operating gowns
129	Shower curtains	1,521	Drs. scrub shirts
928	Blood pressure cuffs	1,239	Drs. scrub trousers
629	Slings	2,483	Scrub dresses
600	Napkins	190	Nurses 2nd gowns
		519	Reversible smocks

CHARITY HOSPITAL OF LOUISIANA AT NEW ORLEANS

July 11, 1966

Dr. Louis Burroughs, Director
Charity Hospital of La. at New Orleans

Dear Dr. Burroughs,

Attached are the statistical reports for the Admitting, Emergency, and Observation Rooms (East and West), for the fiscal year beginning July 1, 1965, through June 30, 1966.

Very truly yours,
/s/ (MRS.) MARY VOGT,
Screening Director

DEPARTMENT OF DIAGNOSTIC RADIOLOGY

Annual Report for Fiscal Year Ending June 30, 1966

Dr. Charles M. Nice, Director

Assistant Radiologist

Ramon A. Mouton, M.D.

Albert Hendler, M.D.

Mary Holland, M.D.

Lowell Hurwitz, M.D.

Phillip Meyers, M.D.

Richard Barbee, M.D.

Joseph Davidson, M.D.

Jo Ann Bowers, M.D.

James M. Budd, M.D.

Harold Lehrer, M.D.

Total number of patients examined.....	192,366
Total number of films used.....	549,057
Total number of fluoroscopies	14,337
Total number of examinations.....	227,574

HOSPITAL CASES

White	23,567
Colored	49,999

ACCIDENT CASES

White	10,234
Colored	25,865

CLINIC CASES

White	18,605
Colored	56,020
EMPLOYEES	6,263

SIZES OF FILMS USED

14 x 17	214,384
14 x 14	3,810
11 x 14	58,180
10 x 14	122,481
8 x 10	129,582
7 x 17	18,264
Polaroids	2,355

PARTS EXAMINED

Chest	109,144
Abd-Pelvis	15,936
Sinus-Mastoids	2,597
Upper Extremities	18,339
Lower Extremities	23,953
Gastrointestinal	14,337
Genitourinary	15,082
Spine	10,755
Skull	16,431

Respectfully,

/s/ CHARLES M. NICE, JR., M.D.
Director, Diagnostic Radiology

CMN/fs

DEPARTMENT OF PATHOLOGY**STAFF**

- Emma S. Moss, M.D., F.A.S.C.P., F.C.A.P., Director, Certified American Board of Pathology: Anatomic Pathology, Clinical Pathology and Clinical Microbiology
- Monroe S. Samuels, M.D., Associate Pathologist, Certified American Board of Pathology: Anatomic Pathology, Clinical pathology and Forensic Pathology
- Charles F. McConnell, M.D., Associate Pathologist, Certified American Board of Pathology, Clinical Pathology and Anatomic Pathology
- Michel Medawar, M.D., Associate Pathologist, eligible for certification.
- Marion Hood, Ph.D., Microbiologist

RESIDENCE STAFF

Physical Therapy Department

September 15, 1966

The Physical Therapy Department has continued to administer physical therapy treatments to patients referred from all divisions of the hospital.

Members of our staff have participated in various teaching programs for medical students, nurses, and orientation of ancillary personnel.

A statistical summary of the department's activities is appended.

nbp/es

ELECTROENCEPHALOGRAPHY

The following is the annual report for the Department of Electroencephalography for the year 1965-1966.

July 1965	153	January 1966	112
August 1965	149	February 1966	107
September 1965	119	March 1966	113
October 1965	125	April 1966	110
November 1965	117	May 1966	135
December 1965	109	June 1966	114
TOTAL EEG RECORDINGS		1,463	
TOTAL FETAL HEART RECORDINGS		35	

There were 11½ holidays. 445 EEGs went unperformed for reasons as follows: 92 appointments cancelled too late to substitute, 7 patients (mostly psychotic) refused test on arrival at laboratory 234 patients failed ever to appear, 6 requisition forms unsigned by referring doctor and/or otherwise incomplete, 120 patients for whom EEG appointments had been made were discharged from hospital without cancellation of appointments.

J. M. KILLIAN, M.D.
Acting Director,
Brain Wave Station

MPY:pp.

HEART STATION

July 8, 1966

The accompanying report shows the work performed in the Heart Station from July 1, 1965 through June 30, 1966. The figures refer to the number of electrocardiograms taken in each month, and to the number of arterial oxygen saturation studies, cardiac catheterization, angio-cardiograms, cardiac fluoroscopic examinations, and vectorcardiogram examinations.

Many sound tracings of the heart were made during the current year but the breakdown by months is not available although the data were placed in the patients' records. Dye dilution studies accompanied many of the cardiac catheterizations.

During the year cardiac clinics were conducted every Monday and Tuesday afternoon in order to maintain a closer check on patients with heart disease. There was also a pediatric clinic which is conducted every Friday.

Also, during the year approximately twenty-six (26) patients had catheter pacemakers inserted. There were approximately twenty-five (25) patients whose cardiac arrhythmias were treated utilizing the D. C. shock apparatus.

I. Electrocardiograms

July	3,234	January	3,601
August	3,209	February	3,235
September	2,909	March	3,846
October	3,414	April	3,202
November	3,174	May	3,498
December	2,845	June	3,511
TOTAL			36,678

I. Arterial Oxygen Saturation Studies	187
III. Cardiac Catheterizations	236
IV. Cardiac Fluoroscopic Examinations (Approx.).....	1,900
V. Angiocardiograms	145
VI. Vectorcardiograms	62

Respectfully,
/s/ LOUIS LEVY II, M.D.

LL:vr

LUNG STATION

During the fiscal year beginning July 1, 1965 the Lung Station continued to function primarily as a service and diagnostic unit. Studies of ventilatory function were performed on 865 patients. The dynamics of breathing and distribution of ventilatory function were studied in 192 individuals. Arterial blood gas studies were performed on 25 patients which represents a reduction from the previous year. Oxygen consumption was measured on 37 occasions as a service to pediatric cardiology.

Diagnostic services were increased in the field of needle biopsy of the lung. Such diagnostic studies as biopsy, thoracentesis, pericardiocentesis, and the collection of bronchial exudate following inhalation of a heated rhyper tonic aerosol were carried out on 500 occasions.

During the year, the Lung Station received a grant of \$500 from the Louisiana Thoracic Society for supplies necessary for a therapeutic investigation carried out by me and Dr. Russell Klein, an American Thoracic Fellow.

THE TUMOR REGISTRY

July 1, 1965—June 30, 1966

PURPOSE

1. To provide the medical profession of this Hospital with statistical and other data to indicate the size and nature of the cancer problem at this Hospital since January 1, 1948.
2. To make available to the medical staff information for research, for the evaluation of therapy, and for teaching.

ADMINISTRATION:

The governing Board of the Registry consists of the following representatives of the sponsoring agencies listed below:

Charity Hospital of Louisiana at New Orleans

Dr. Louis Burroughs

Dr. Manuel Garcia

Louisiana State University School of Medicine

Dr. W. W. Frye

Dr. Ronald A. Welsh

Tulane University School of Medicine

Dr. E. T. Krementz, Chairman of the Registry Board

Dr. Robert Craft

American Cancer Society, Louisiana Division, Inc.

Dr. C. C. Sprague

Louisiana State Board of Health

Dr. J. M. Bruce

Loyola University School of Dentistry

Dr. Victor Halperin

Louisiana State Medical Society

Dr. Ambrose H. Storck

REGISTRY STAFF:

The following eight staff members, in addition to the Director, have performed the work of the Registry during the year; Analytic Assistant—Mrs. Marjorie S. Krennerich; Follow-up Secretary—Mrs. Marie Louise Nolan; Abstractors and Code Clerks—Mrs. Scott M. Bianco, Mrs. Betsy Green, Mrs. Loretta T. Soles, and Mrs. Judith B. Wagner (trainee); IBM Operator—Mrs. Anne Fos, and File Clerk—Mrs. Myrna L. Fiorella. There is, in addition, one vacancy.

VOLUNTEERS:

The Registry is most grateful to Mrs. Adela Levy who contributes one morning a week to the Registry and to the following volunteers who worked in the summer of 1965:

Miss Susan Berner

Miss Kathy Busurelo

Miss Faye Lizzie

Miss Ellen Smith

Miss Stephanie Smith

FINANCIAL SUPPORT:

Support is derived from Charity Hospital, grants from the American Cancer Society, Louisiana Division, Inc., and the Louisiana State Board of Health, and from a contract with the End Results Section of the National Cancer Institute.

STATUS OF RECORDS:

As of June 30, 1966, there were on file in the Registry abstracts and punch-cards summarizing pertinent data on 29,753 malignancies diagnosed in the seventeen year period, 1948-1964, in patients seen at Charity Hospital. Altogether 1,918 cases were added to the Registry file during the year. The status of the patient (alive/dead) in 1965 or later was known for all but one per cent of the patients.

SUMMARY OF 17-YEAR PERIOD, 1948-1964

A. Distribution of Malignancies by Race and Sex:

Race:	
White	14,893
Negro	14,860
Total	29,753
Sex:	
Male	15,338
Female	14,415
Total	29,753

B. Distribution of Malignancies by Site of Most Frequent Occurrence:

Cervix Uteri	3,748
Skin (excluding melanoma)	3,580
Lung	2,859
Breast	2,299
Prostate	2,170
Stomach	1,571

These six sites account for more than fifty per cent of the total number of malignancies

C. Status of Patients:

	Number	Per Cent
Alive at last contact	6,975	23.4
Dead	22,659	76.1
Untraceable	119	0.4
	29,753	99.9

D. Observed Survival Rates to Fifteen Years after Diagnosis:

	1 Yr.	5 Yrs.	10 Yrs.	15 Yrs.
All sites	55.6	31.2	21.0	14.4
Cervix uteri	77.3	48.9	39.3	31.1
Skin (excluding melanoma)	91.6	69.1	48.7	32.1
Lung	17.3	4.4	2.3	*
Breast	75.3	38.1	23.3	15.6
Prostate	67.8	28.3	10.3	4.5
Stomach	20.9	6.2	4.3	2.7

* Rate may be unreliable because of the small number of patients surviving fifteen years (almost the entire span covered by the Registry).

REPORTS

During the year, twenty-five doctors, and four medical students were given assistance with their studies. The type of assistance given ranged from help in the preparation of a questionnaire to be used in gathering more information about a particular type of cancer than the Registry codes, to making abstracts available for review by the doctor, to supplying unit record

numbers of patients meeting certain criteria in order to facilitate chart review, to tabulations of data. In addition, from time to time data are prepared for the LSU and Tulane Tumor Conferences. In all, thirty-three "studies" were done, an average of almost three a month, which is less than the monthly average of four reported last year.

The Registry has also given other Charity Hospital departments, upon request, recent information concerning specific patients and has, also upon request, given other hospitals information about policies and procedures involved in the operation of a registry.

PUBLIC RELATIONS

A sample of the type of statistics available through the Registry was included in the packet given by the Department of Medical and Surgical Care to all new interns and residents.

A brief talk about the Registry was given to all three sections of Tulane Junior medical students (October 4, 1965, January 6, 1966, April 4, 1966).

Either the Registry Director or the Analytic Assistant has attended all LSU and Tulane Tumor Conferences in order to provide appropriate statistics (when possible) and in order to be familiar with the Hospital's cancer treatment policies.

On June 7, 1966 an excellent feature article about the Registry appeared in the Times-Picayune.

PARTICIPATION IN NATIONAL PROGRAMS

The Charity Hospital Registry continues to participate with eight other hospital registries and three central registries in the End Results Evaluation Section of the National Cancer Institute. Dr. Robert F. Ryan is Chairman of the Section's Medical and Technical Advisory Committee and a member of the Executive Committee.

Two meetings of the Medical and Technical Advisory Committee were held in New Orleans, one November 15-17, 1965, and one March 14-16, 1966.

Dr. Ryan, Dr. Ronald A. Welsh, and Miss Robertson attended the Annual Meeting in Bethesda, Maryland, June 6-7, 1966.

The staff and I are most grateful to the Chairman of the Board, Dr. E. T. Krementz, who has given his time to the Registry's problems; to the Registry's three consultants, Mrs. Marion Wogan, Dr. Robert F. Ryan and Dr. Ronald A. Welsh; to the Director of the Hospital, Dr. Louis Burroughs, and to the many departments of the Hospital which have co-operated with the Registry this year as in the past.

Respectfully submitted,
/s/ (MISS) BRENT S. ROBERTSON
Director
Tumor Registry

ANNUAL REPORT INTAKE DEPARTMENT For The Fiscal Year 1965-1966

Total Intake traffic volume for the year in the East Section was:

46,222 Interviews processed.

In the West Section:

19,083 Interviews were processed.

In the East Section:

11,484 applicants were made Eligible.

13,808 applicants were made Ineligible.

2,883 applicants were given Temporary Eligibility.

3,307 applicants were given Limited Eligibility.

7,024 applicants were DPW cases, and

8,719 applicants are still being investigated.

In the West Section:

3,708 applicants were made Eligible.

7,558 applicants were made Ineligible.

973 applicants were given Temporary Eligibility.

1,867 applicants were given Limited Eligibility.

2,065 applicants were DPW cases, and

3,012 applicants are still being investigated.

Both sections registered decreases compared with last year's volume:

9,666 fewer interviews were processed in the East Section.

3,270 fewer interviews were processed in the West Section.

Average number of interviews processed in the West Section was:

Daily	Weekly	Monthly
126.63	888.88	3,851.83

Average West Interviews processed were:

Daily	Weekly	Monthly
52.28	366.98	1,590.25

The highest volume registered in the East Section was:

4,669 Interviews processed (August, 1965)

The lowest monthly volume registered in the East Section was:

3,439 Interviews processed (December, 1965)

In the West Section, the highest monthly volume registered was:

1,809 Interviews processed (July, 1965)

And the lowest monthly volume registered in the West Section was:

1,456 Interviews processed (April, 1966)

SOCIAL SERVICE DEPARTMENT

Mrs. Marigayle H. Hart, ACSW Director

Below is submitted the annual report of the Social Service Department for the fiscal year 1965-66:

During the past year, this Department has continued in its efforts to assist patients of the Hospital who have social problems which interfere with their recovery, or which have contributed to their initial illness. Such problems are almost inevitably present in any serious illness or injury. In the family which is well adjusted socially and economically, these will be handled within the family group in most cases, but in some instances the needs are beyond the resources of the family to meet. In these situations, outside intervention is needed. In these cases of Charity Hospital patients, the income level of the patients being low, this type of assistance is frequently needed.

Though it is not possible to categorize exactly, certain types of service may be briefly described: One of the most frequently encountered is the need of the chronically ill patient for nursing care at home. Since a considerable number of patients live alone, and have no responsible relatives, it becomes necessary to place them in nursing homes. Another type of service involves the initiation of protective services for neglected or abused children. A large volume of the work of the Department is effected through cooperation with other social agencies in the community, such as the Department of Public Welfare, Children Bureau, Family Service Society, Visiting Nurses Association, Department of Health and many others.

A total of 38,583 patients were seen during the year. Of these, the patients presenting the more complicated problems numbered 13,193. Permanent records have been kept on these patients. The remainder, presenting less complicated problems, and requiring simpler services represented the larger number: 25,760. These figures do not give the true picture of the casework needs of the hospital's patients. The needs for services for patients far exceeds the ability of the department to meet, for the reason that the staff is too small for a hospital of this size.

As a state hospital, the patient population is derived from the entire state. This is reflected in the group served by social service. The place of residence of patients of active cases for the past year is as follows:

Place of Residence	No. of Patients
Orleans Parish	25,061
Other Parishes	13,673
Other States	219
TOTAL	38,953

Since it is neither possible, nor desirable for the social worker to see each patient in the hospital, workers are dependent upon other hospital personnel for referrals. In the main, these come from the medical and nursing staff, from the patient groups, and from other social agencies. The breakdown is given below:

Source of Referral	No. of Patients
Hospital Personnel	16,122
Department of Public Welfare.....	2,301
Other Agencies	801
Patient or Patient Group.....	19,729
TOTAL	38,729

The Department has the use of a small amount of money to meet the most urgent small needs of patients such as medication, transportation, and the like. The funds have never been adequate to meet these needs, and many patients must go without. It would not be appropriate for this department to operate as a public assistance agency, but additional funds are urgently

needed to meet emergency medical needs as described above. The funds were used as follows:

Reason for Using Fund	No. of Patients	Expended Amount
Medication	23,101	\$12,235.13
Transportation	144	232.00
Maintenance	12	97.00
Appliances	810	2,340.91
TOTAL	24,067	\$14,905.02

Staff turnover continues to be great, for the reasons brought out in previous reports: a general shortage of qualified clinics social workers, and non-competitive salaries.

On the positive side, it was possible to promote two workers to supervisory status, which should result in improved staff morale.

During the critical period of the Hurricane "Betsy" a number of the staff volunteered to work in the emergency area. In the initial crisis everyone simply "pitched in" and did anything that seemed necessary. As the immediate situation subsided, the role of the social worker evolved into the traditional one of communication, helping to plan for the homeless, and liaison with other social agencies.

As mentioned in previous reports this department is operating under severe physical handicaps. The workers offices are overcrowded, there are no facilities for privacy for interviewing, and the heat in the third floor offices is intolerable.

Respectfully submitted,
/s/ MARIGAYLE H. HART, ACSW
Director

ENGINEERING

Annual Report from the Engineering Department from July 1, 1965 through June 30, 1966 in regards to New Installation and Repairs on Equipment.

BOILERS

The six boilers in the Power House with a capacity of 2,850 Horse Power are chemically treated and operated on monthly intervals and inspected yearly, externally and internally by the Travelers Insurance Company's Inspectors, cleaning of the boilers are made immediately after taking out of service. If repairs are needed between yearly inspections, the Inspectors are called and recommendations are completed. Painted Main Gas Line for boilers in basement of Power House, which is done yearly to prevent deterioration because of heat and condensate moisture. The six eight inch Header Valves for the Main Steam Line in front of boilers and the six inch valve that is on the line to the Murray Turbine Emergency Generator has been requested to be replaced the past year.

HEATERS ON MEZZANINE FLOOR IN POWER HOUSE

The heaters supplying Hot Water to the boilers in the Power House, Laundry and all Hospital Buildings are in satisfactory condition, they are operated on monthly intervals. Repaired Check Valves, cleaned interior and painted exterior and made minor adjustments on controls on heaters.

WATER SOFTENERS

Cleaned stone bed thoroughly in each Brine Tank, scaled and painted exterior of the Four Water Softeners, also routine repairs on units.

ICE WATER SYSTEM

Put 300 lbs. of Anhydrous Ammonia in system, repaired the Circulating Water Pumps that distribute Ice Water to the Main Building for X-Ray developing and drinking purposes. Operating O.K.

ICE PLANT

Repaired Electric Hoist, put 80 sacks of salt in Brine Tanks. Made minor repairs on equipment. Plant Operating Ok.

WORTHINGTON AIR CONDITION COMPRESSORS

((1000 Tons to Main Building

Made yearly inspection on both No. 1 and No. 2 Freon Compressors, checked alignment, changed oil, put 200 lbs. of Freon Eleven in Evaporators on both Compressors. Cleaned Condensers painted interior and heads of both Units.

TRANE AIR CONDITION COMPRESSORS

(700 Tons to Main Building)

Made thorough inspection and minor adjustments on system, operating O.K. These both Central Units deliver chill water to certain sections of the Main Building for Air Condition.

EMERGENCY GENERATORS

General Motor 1000 K. W. Diesel Emergency Generator and Murray Turbo Generator 1000 K. W. Run Generators weekly through the year.

STUDENTS NURSES' HOME

The Carrier 300 Ton Absorption Air Condition and Heating System is operating O.K. Made minor adjustments. Repacked Circulating Pumps, cleaned Cooling Towers.

Made several Plant shut-downs for necessary repairs during the past year.

Employees in the Engineering Department repair window units, Ice

Making Flake and Cube Machines and all equipment operated by the Engineering Department in the Hospital.

Hoping that this report meets with your approval, I remain,

Yours very truly,
/s/ WILLIAM H. SUTHERLAND
Plant Engineer

WHS:ml

LAUNDRY

The Laundry has processed from July 1, 1965 through June 30, 1966 the following, including all Wards, all Departments and all Buildings.

Total Weight	7,262,522
Quantity	14,480,079

WATERWORKS DEPARTMENT FLOOR IN POWER HOUSE

The Waterworks Department Floor in the Power House is the main floor of the Power House. It is a large room with a high ceiling and a large floor area. It is used for the storage of water and for the distribution of water to the various departments of the hospital.

WATER SUPPLY

The Water Supply is the main source of water for the hospital. It is a large room with a high ceiling and a large floor area. It is used for the storage of water and for the distribution of water to the various departments of the hospital.

ICE WATER SYSTEM

The Ice Water System is the main source of ice water for the hospital. It is a large room with a high ceiling and a large floor area. It is used for the storage of ice water and for the distribution of ice water to the various departments of the hospital.

ICE PLANT

The Ice Plant is the main source of ice for the hospital. It is a large room with a high ceiling and a large floor area. It is used for the storage of ice and for the distribution of ice to the various departments of the hospital.

WATERWORKS AIR CONDITIONING COMPRESSORS

1000 Tons to Main Building

The Waterworks Air Conditioning Compressors are the main source of air conditioning for the hospital. They are used to cool the air in the various departments of the hospital.

WATERWORKS AIR CONDITIONING COMPRESSORS

1000 Tons to Main Building

The Waterworks Air Conditioning Compressors are the main source of air conditioning for the hospital. They are used to cool the air in the various departments of the hospital.

EMERGENCY GENERATORS

The Emergency Generators are the main source of emergency power for the hospital. They are used to provide power in the event of a power outage.

STUDENT NURSES HOME

The Student Nurses Home is the main source of housing for student nurses. It is a large room with a high ceiling and a large floor area. It is used for the storage of student nurses and for the distribution of student nurses to the various departments of the hospital.

The Student Nurses Home is the main source of housing for student nurses. It is a large room with a high ceiling and a large floor area. It is used for the storage of student nurses and for the distribution of student nurses to the various departments of the hospital.

The Student Nurses Home is the main source of housing for student nurses. It is a large room with a high ceiling and a large floor area. It is used for the storage of student nurses and for the distribution of student nurses to the various departments of the hospital.

ANNUAL REPORT

PHARMACY DEPARTMENT

July 1, 1965—June 30, 1966

Special Prescriptions Filled	158,477
Stock Prescriptions Filled	64,584
Narcotic Prescriptions Filled	12,124
Total Prescriptions Filled	235,185

The Pharmacy services all wards and clinics, including the Dibert and Contagious Buildings, Sisters' Residence, Student Nurses' Home, Tulane Metabolic Ward, Tulane Arthritis Unit, Tulane Cancer Clinical Research Unit, departments in the Lapeyre-Miltnerberger Building, and other departments in the main building.

In the general manufacturing laboratory and prescription counter, a total of 50,704 gallons were made. These included syrups, elixirs, liniments, lotion, mixtures and laboratory stains. 572 pounds of ointments and 599,000 tablets were also manufactured.

In the sterile solution area, the total number of bottles of sterile solutions manufactured reached 191,456. These include 1000 cc and 500 cc sodium chloride, dextrose, etc. In addition to this 78,257 bottles of small size sterile solutions were made, and the number of sterile vials of vitamins, potassium chloride, phenobarbital, mineral oil, etc., was 19,720. Various dilutions of allergenic vials made for use in the clinics number 2,882. The total for the solution room stands at 292,315 units. The hospital suffered a great loss in the sudden death of Mrs. H. Philibert on February 27, 1966. Mrs. Philibert supervised the manufacture of sterile products most efficiently and was one of our very loyal and dedicated pharmacists for many years.

W. CHARLES E. HANCOCK, JR.
Superintendent of Pharmacy

1966-67

ANNUAL REPORT OF THE MAINTENANCE DEPARTMENT

July 1965 through June 30, 1966

The Maintenance Department when fully staffed consist of 154 workers. At the present time there are 32 vacancies.

This department has handled 23,138 written requests for maintenance during the past year. The following figures are given to indicate the volume of work and type of service rendered.

It must be noted that in the above figures 21,149 maintenance work orders were issued (work orders are issued whenever necessary maintenance is required) and 1,989 requisitions wre handled (requisitions are required whenever services are rendered by the department other than necessary maintenance).

	Work Orders	Maint Req.	Total
Woodwork & Metal Work	4,774	1,277	6,051
Painters	1,372	152	1,524
Plumbers	84	302	386
Steamfitters	5,311	33	5,344
Masonry	1,063	43	1,106
Electricians	7,285	144	7,429
Machinists	1,260	38	1,298
	<u>21,149</u>	<u>1,989</u>	<u>23,138</u>

INTERESTING NOTES

- 6 Renovation jobs completed.
- 40 Serious leaks due to pipe deterioration.
- 6 Major repairs to equipment.
- 33 Pieces of new equipment installed.
- 1,317 Pieces of new furniture or equipment manufactured under \$100.00.
- 37 Pieces of new furniture or equipment manufactured over \$100.00.
- 3,438 Gallons of painting material used.
- 1,749 New Keys issued.
- 4,395 Number of pieces of mental furniture completely stripped and refinished.
- 11,803 Number of Incandescent lamps replaced.
- 5,998 Number of Fluorescent lamps replaced.

/s/ CHARLES C. TRASCHER, JR.,
Superintendent of Buildings
